Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ Ontrak, Inc. (OTRK) distributed cash to holders of its Series A Cumulative Perpetual Preferred Stock on August 31, 2021 (\$0.593750 per share). OTRK estimates that its earnings and profits will be insufficient to characterize the 2021 distribution as dividends.

Pursuant to the applicable Treasury Regulations under Section 6045B, if these assumptions turn out to be incorrect, OTRK will file a corrected Form 8937 within 45 days of such determination.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Based on reasonable assumptions regarding information available at the time of this posting all of the preferred distributions made during 2021 are expected to be characterized as non-dividend distributions treated as a non-taxable return of capital to the extent of a preferred shareholder's tax basis in each preferred share.

Any non-dividend distribution exceeding a shareholder's tax basis in preferred shares is taxable as a capital gain.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The calculation of the change in basis relates to Ontrak, Inc.'s estimate of current and accumulated earnings and profits for the tax year 2021 and the reasonable assumptions related thereto.
